product summary

Many kids commonly have difficulty concentrating on tasks, particularly school work. Multi-tasking and distractions like surfing the web or instant messaging compete for their attention. With so many potential interruptions, it can be difficult for children to stop and focus on the task at hand.*

Concentrate is a proprietary blend of essential oils that have been shown to assist and help support the body with left-brain, logical thought processes, attention, and concentration. It helps to keep one present during mental work and may be helpful for attention deficit disorders.*
